The Yale Vision™ mobile app brings data-driven productivity right to your fingertips. This site-specific tool provides instant insights into your truck fleet, including impact alerts, checklist notifications, and many other essential features. Eliminate guesswork with a mobile solution that transforms data and information into actionable insights.

INSTANT INSIGHT

Information at your fingertips. No need to get to a computer for simpler, faster site analysis.

SMART DASHBOARD

Easy to use dashboard tracks your most important events, equipment in use and utilization information.

FLEET MANAGEMENT

Equipment lists can monitor your entire fleet or individual trucks. Take pictures of damages, add notes and view service details.

EVENT NOTIFICATIONS

Ability to turn on notifications within the app pertaining to critical events like impacts and checklists.
