## 155-190VNL

Pneumatic tire integrated lithium-ion counterbalanced forklift

15,500-19,000 lbs.

### Powered by 350V lithium-ion technology.

The Yale® ERP155-190VNL sit-down counterbalance forklift breaks new ground as a high capacity, indoor/ outdoor option powered by an integrated, high voltage lithium-ion battery. The powerful 350-volt lithium-ion technology and electric drivetrain provide the ICE-like performance that heavy-duty applications require, with zero emissions, quick opportunity charging and no maintenance.

#### WHY IT WORKS:

Consistent, full power during use

Sealed and maintenance free

Fully charges in less than 90 minutes<sup>1</sup>

Zero emission w/no off-gassing

# A groundbreaking solution for heavy-duty applications.

The Yale ERP-VNL series is the industry's first lineup of 15,500-19,000lb. counterbalanced lift trucks powered by an integrated, 350-volt lithium-ion battery. It was designed to satisfy a need for a zero-emission alternative in a high capacity range for both indoor and outdoor operation without sacrificing ICE-like performance.

#### 1. HIGH-VOLTAGE BATTERY

- 350-volt, high-power sealed lithium-ion battery
- Longer overall battery cycle life1
- Quick opportunity charging capability
- Zero emissions and no maintenance

#### 2. ELECTRIC DRIVETRAIN

- Performs with ICE-like traction and hydraulic performance
- Allows for fine-tuned control of the traction and hydraulic systems
- Liquid cooled for consistent, stable temperature control

#### 3. ENERGY EFFICIENCY

- Fast charging times reaches full charge in less than 90 minutes<sup>2</sup>
- Battery is 90-95% efficient during both operation and charging
- 90% efficient permanent magnet motors

#### 4. OPERATOR COMFORT

- Standard air ride seat and Accutouch mini-lever hydraulic controls help boost operator comfort
- Helps keep operators focused and productive with low noise levels and no emissions

#### **5. EASE OF SERVICE**

- Fewer serviceable parts and less periodic maintenance than ICE trucks
- Completely maintenance free lithium-ion battery
